How to use your POCKET TRAVEL GUIDE when traveling

This app is NOT YOUR TRAVEL DOCUMENTS. This app is only a rundown of the trip and is hand created by me. With that said, travel documents in the form of paper and any attachments to this app contains all the important information such as times, meeting locations and contact information. You must refer to those.

On the bottom of this app you will see the word: DOCUMENT

If there is a discrepancy in information located in the app vs the voucher or document, then the voucher/document is correct. I have also provided other documents I feel you may need or enjoy, such as my top tips or hints for your destination.

On the bottom of the app you will see the word: GUIDES

This is a basic and easy guide to reference. I however, enjoy using Tripadvisor while in travel for dining options and other interesting options.

On the bottom of the app you will see the word: MESSAGE

This is one option for sending me messages. It's also important you notice a red flag on the app on your phone that will contain updates on flights and any messages from me.

Top right side of the app is a + symbol

This is so you can add notes to your trip!

Top right side of the app is a symbol that looks like a page with an arrow

This is generate a PDF of the trip. You can email that to yourself and print it out.

CONTACTING LEATTA

And if you need me and it's after hours then text me if it's not urgent or call me any time day or night for anything. Leatta's cell 415-902-7354 - store it in your cell phone.

I'm also on WhatsApp, a free phone system that requires you to be connected to WIFI but can call anywhere in the world for free. This is a FREE SERVICE.

Have a great trip!

Overlooking St. Marks Basin at the mouth of the Grand Canal Sina Centurion Palace is housed in the former convent of Palazzo Genovese. Rooms and suites have a contrasting modern influence and there is a private garden butler service and a gourmet restaurant. Expect peace and tranquillity in this relatively quiet area of Dorsoduro virtually next door to the famous landmark Santa Maria della Salute. Each room and suite is individually decorated in contemporary style many of which have dreamy mystical city views. This provides a great base for exploring the city. Walk to the lively Campo Santa Margherita with its numerous cafes and afterwards visit the Peggy Guggenheim Collection. Return for early evening cocktails in the garden or at the corner bar by the canal before dining in the hotel restaurant on haute Mediterranean and creative cuisine. Sina Centurion Palace is a Small Luxury Hotels of the World property
