Flamenco tablaos are small cafes descended from the former so called singing cafes. Since the XIX century these cafes have occupied three areas in Barcelona, La Rambla, El Paralelo and Sant Pau, also known as The Golden Triangle. These small establishments are cozy, and intimate where flamenco comes alive in all its natural state. The live music, continuous improvisation, the proximity to the public, the absence of microphones, etc. create an atmosphere for flamenco that cannot be reproduced in larger colder spaces. Cordobes was founded by Luis Adame and is the only tablao in Barcelona of which its address and property are in the hands of a family of artists well known in the world of flamenco. These characteristics are an indisputable seal of quality that is recognized amongst professionals in both flamenco and the tourist industry.

Start your half day trip from Barcelona in a comfortable bus to the mountain of Montserrat, which rises majestically to 4,051 feet. The rocks of Montserrat were formed by natural cement of sand during the centuries. The wind and rain shaped the mountain with strange and varied forms. The popular imagination has seen human or animal shapes in some of these peaks, giving those names and inventing legends to explain their fantastic origins. This trip to Montserrat will give you the opportunity to enjoy the wonderful and breathtaking views of the Montserrat Mountain, one of nature's special creations.

You will go up to Montserrat with the CogWheel Train, which leaves you in the middle of the Monastery. It is a 15-minute trip with a privileged and spectacular view of the mountain. The train has panoramic windows which make the actual journey an interesting attraction. The train is air-conditioned and is completely wheelchair-friendly.

You will visit the Royal Basilica of Montserrat, which holds the famous 12th century Romanesque carving of Virgen Moreneta (the Black Madonna). You will be able to see this famous statue of the Black Madonna from a distance. The Benedict Sanctuary of Montserrat was founded in 1025 and provides a mystical backdrop for the Virgin of Montserrat, the patron saint of Catalonia who is enshrined in the monastery's Royal Basilica. The little monastery soon began to receive pilgrims and visitors who contributed to the spread of stories of miracles and wonders performed by the Virgin. Today, Montserrat has been modernized to continue attending to the needs to pilgrims, one thousand years after it was originally founded. You will be given some free time to visit the audiovisual exhibition about the history and creation of Montserrat and taste typical liquors of Montserrat.
